

*Lieutenant Governor of Saskatchewan*

June 1, 2020

Dear Ms. Lemstra:

Congratulations to you and your father for being selected by Prairieaction Foundation (PAF) for the 2020 Youth Leadership Award. I am proud to be an Honorary Patron of PAF and to support their mission. I had hoped to host a presentation event this June and was looking forward to meeting you. Due to the COVID-19 pandemic, such gatherings and celebrations are not possible. I am very interested in your work and your commitment to addressing the challenges of bullying and mental health.

It is so important to hear the voices of our young people, who have the energy, perspective, creativity, and passion to offer insight to specific conditions in our community, to raise awareness of issues and problems, and to find ways to work together to create solutions and find new pathways of understanding. I believe that everyone can contribute to the community, and that we need each person to become involved. I believe strongly that it is up to each one of us to help create the communities we want to live in – to create the future.

Please accept my sincere congratulations and my encouragement for you to continue to be involved and to make a positive difference. I would be pleased to visit you and find out more about the “Daily Difference” application and to meet your partners in this valuable initiative.

Yours sincerely

Russ Mirasty  
Lieutenant Governor  
Province of Saskatchewan

Ms. Kelli Lemstra
